ELIGIBILITY REQUIREMENTS. The Premier Business Account will only be offered to businesses who maintain a minimum average daily balance of \$10,000.00 in the share level of the account.

RATE INFORMATION. The prospective dividend rate on your account is 0.100% with an annual percentage yield of 0.10%. You will be paid this dividend rate until 09/30/2025.

Additional Rate Information. The dividend rate and annual percentage yield on your account is stated above. The annual percentage rate reflects the total amount of dividends to be paid on an account based on dividend rate and frequency of compounding for an annual period. The dividend rate and annual percentage yield may change at any time as determined by the Credit Union Board of Directors.

COMPOUNDING AND CREDITING. Dividends will compound daily and will be credited to your account quarterly.

NATURE OF DIVIDENDS. Dividends are paid from current income and available earnings, after required transfers to reserves at the end of a dividend period.

DIVIDEND PERIOD. For this account type, the dividend period is quarterly, for example, the beginning of the first dividend period of the calendar year is 01/01/2025 and the ending date of such dividend period is 03/31/2025. All other dividend periods follow this same pattern of dates. The dividend declaration date follows the ending date of a dividend period, and for the example is 04/01/2025. If you close this account before dividends are paid, you will not receive the accrued dividends.

MINIMUM BALANCE REQUIREMENTS. You must deposit \$10,000.00 to open this account.

You must maintain a minimum average daily balance of \$10,000.00 to obtain the disclosed annual percentage yield.

BYLAW REQUIREMENTS. As a condition of membership, and to maintain accounts at our credit union, you must purchase 1 share(s) in the credit union. The par value of a share in this credit union is \$5.00. If at any time your balance falls below the required par value, you will have 10 days to increase the balance or your membership may be terminated.

DORMANT/INACTIVE ACCOUNT INFORMATION. A dormant account fee of \$5.00 per month will be charged after 24 months of inactivity.

PROCESSING ORDER. All credit transactions are processed first. Debits, or withdrawals, from your account will be processed as follows: electronic items such as ATM and Preauthorized transactions then checks. The items are processed randomly within each category. The processing order of these items is important because if there is not enough money in the account to pay for the items in the order they are processed in accordance with the processing order, there may be an overdraft on your account which may result in overdraft or non-sufficient funds fees or an increase in the amount of these fees.

BALANCE COMPUTATION METHOD. We use the average daily balance method to calculate dividends on your account. This method applies a periodic rate to the average daily balance in the account for the period. The average daily balance is calculated by adding the principal in the account for each day of the period and dividing that figure by the number of days in the period.

ACCRUAL ON NONCASH DEPOSITS. Dividends begin to accrue on the business day you deposit noncash items (for example, checks).

TRANSACTION LIMITATIONS. No transaction limitations apply to this account.

FEES AND CHARGES. Please refer to the separate Fee Schedule provided to you with this disclosure for information about fees and charges associated with this account. A Fee Schedule will be provided to you at the time you open an account, periodically when fees or charges change, and upon request.
